THE INTERNATIONAL SOLIDARITY NETWORK SOCIALLY AND ENVIRONMENTALLY IMPACTFUL PHILANTHROPY

With the Covid-19 crisis, a staggering 500 million people may fall into poverty, after decades of no increase in poverty levels (UN, 2020). The war is also affecting millions of individuals. Only together, through collective actions and commitment, can we leave no one behind.

ConnectAID, the International Solidarity Network, is a hybrid Geneva based international NGO and IT startup dedicated to the 17 Sustainable Development Goals (SDGs). We created a social media hub and a giving platform to increase our chances to reach those goals for humanity.

AN INTERNATIONAL COMMUNITY

Our social network is all about meaning and purpose, forming a community of change makers coming from all around the world.

PARTNERS IN COMMUNICATION

We offer our NGO partners and corporate Members the tools and support they need to communicate about meaningful actions.

THE SOCIAL MEDIA TO CONNECT TO AID

We connect individuals, companies, NGOs & Foundations with international humanitarian aid and environmental causes.

100% OF DONATIONS GOES TO NGOS

Each nonprofit partner is carefully selected. We encourage donations to increase their impact on the ground, without any commission.
